

WILL DEFEND THE BANK CASES

Meeting of State Bankers at
Louisville Yesterday.

Humphrey, Burnett and Humphrey
Have Been Employed to
Defend.

BANKERS EXPECT TO WIN

Mr. W. F. Paxton President of the Citizens' Savings Bank, has returned from Louisville where he yesterday attended a meeting of state bankers whose object was to take steps to protect themselves in the suits against them filed by Auditors Agent Frank Lucas, of Paducah for back taxes on deposits in the state banks.

It was decided to employ Humphrey, Burnett and Humphrey of Louisville to defend all the suits. Judge Burnett one of the members of the firm is a former Paducahan. It is not yet known what case will be selected as the test case but it has been agreed that if the prosecuting attorneys Taylor & Lucas, of Paducah, will agree one of the cases will be taken as a test case, tried in the lower courts and taken to the higher courts.

It is believed that the attorneys will agree to this. Several cases come up at Louisville Monday and several others at Paducah the following Monday, but it has not yet been agreed what shall constitute the test case.

One case has already been tried. That against the state bank at Jackson, Breathitt county, was dismissed by Judge Hargis on demurrer yesterday, but no details have been received, and this of course does not settle the case, as the only thing that can settle the cases is a decision in the court of appeals.

The bankers all over the state confidently expect prompt dismissals of the suits when they come up, not only in the lower courts, but in the higher courts as well, according to the sentiment expressed at Louisville yesterday.

BOYS FIGHT

Councilman Watson's Son
Arrested for Cutting Negroes.

Claims Two Attacked Him on the
South Sixth Street Bridge.

Frank Watson, a son of Councilman Watson, was arrested this forenoon with two negroes, Ellis McClelland and Frank Boyd, for malicious cutting, and all three were released on bond.

The cutting was done by Watson, who claims he was attacked by both negroes. He used his knife with effect. The McClelland negro was cut once on the right temple and again under the right eye. One deep wound was inflicted on the nose, but neither is of a serious nature.

The fight occurred on the south Sixth bridge in Mechanicsburg about 11 o'clock this morning.

ROUGH TIME

WHEN GERMAN TROOPS STARTED
FOR SOUTH AFRICA.

Berlin, March 30.—The departure of three hundred reinforcements to the troops fighting the rebel Hottentots in German South West Africa, caused serious rioting here today.

An anarchist mob molested the soldiers, attacked the railway station, maltreated the official and tore up the rails. It was finally dispersed by the police.

—The mail carriers have received information that the bill increasing their pay has been defeated in congress. Postmen all over the country had been fighting for the bill.

TEXAS RACE WAR, OVER

New York, March 30.—Gen. Kurapatkin, Russian commander-in chief in the far East, made his first report yesterday to the czar, in which he forwarded Gen. Mishchenko's account of a battle between Cossacks and Japanese cavalry, at Chong Ju. The engagement was sharp and, although the Russians were obliged to retreat, the Japanese were unable, because of their losses to hold the position vacated by the Cossacks.

From Ping Yang came special dispatches, one reporting the arrival there of a prince of the imperial house and relating the enthusiasm of the soldiers over the fact that a royal warrior had decided to share their hardships and victories and defeats.

Japan's advance was reported from Ping Yang as being one of thoroughness. Strategic points along the line were said to be heavily fortified, and every possible precaution taken for offensive and defensive warfare.

From Chinampo, a special dispatch described the arrival of Imperial Guards, the cream of the Japanese army.

America, France and England discussed the martial law order for New Chwang, but no action was taken, the decision being to await developments rather than to be hasty in a matter wherein it is admitted Russia probably is well within her rights.

RURAL CARRIERS PAY.

Washington, March 30.—After two days' consideration of the postoffice appropriation bill, the senate committee reported it last night.

The bill reported does not include all the amendments made by the senate committee on account of the late session held in order to complete the measure. A "dummy" bill was reported while the clerks prepare the measure for the public printer.

On account of its incomplete state the exact amount of the increase made can not be given, though it is said the bill will carry not more than \$1,000,000 over the bill as passed by the house, except for an emergency measure incorporated in the bill.

Among the important amendments to the bill are the following:

The salaries of rural free delivery carriers are fixed at \$720 a year, and the carriers are permitted to carry merchandise for hire and receive subscriptions for and deliver newspapers and periodicals so long as this occupation does not interfere with the proper discharge of their duties. It is stipulated, however, that the carrier shall not discriminate against any newspaper, which desires to avail itself of the privilege of employing them.

RACE WAR QUIET.

Silsbee, Tex., March 30.—The race trouble here since Sunday has quieted down and the militia will not be needed longer, as practically all the negroes have left the vicinity during the trouble. One white and two negroes have been killed.

HEAVY LOSSES

Livermore, Ky., March 30.—Green river is very high and rising rapidly. Thousands of saw logs are loose and lost. The farmers are unprepared and will lose very heavily. Thousands of acres of wheat are under water and ruined.

MINE AFIRE

Houghton, March 30.—The Quincy, the most famous mine in the copper region of Michigan, is afire and will probably be seriously damaged.

FIERCE FIGHT IN NORTH KOREA BETWEEN ARMIES

Both the Japanese and Russians Lost
a Number of Men.

Russia Opened by Attack of Cossacks and Infantry,
and Retired.

JAPS COULD NOT HOLD THE POSITION VACATED

St. Petersburg, March 30.—Gen. Kurapatkin, in his first report to the emperor from the scene of war announces that offensive land operations had taken place against the Japanese upon the sixth anniversary of the occupation of Port Arthur by the Russians. These operations took the form of a cavalry attack yesterday by six companies of Cossacks, led personally by Gen. Mishchenko against four squadrons of Japanese cavalry which the general believed to be beyond Chong Ju, but which he found in occupation of that town.

Despite a cross fire which Gen. Mishchenko cleverly directed against the enemy he pays a tribute to their tenacity and bravery, the Japanese only ceased to fire after a combat which lasted for half an hour. Before the Russians could follow up their advantage three squadrons galloped toward the town which two of them succeeded in entering, while the third was driven back in disorder, men and horses falling.

The fire maintained from the town was so destructive that the Japanese were unable to make an effective retreat.

Further Japanese reinforcements arrived an hour later and, in view of the superiority of the enemy, Gen. Mishchenko determined to retire, doing so without embarrassment, although he carried with him three killed and sixteen wounded.

BATTLE AT CHONG JU.

London, March 30.—The Japanese legation has issued the following account of the Russian repulse at Chong Ju, Korea: "Monday a portion of our cavalry occupied Chong Ju, after defeating the enemy in Canton street, Chong Ju. The enemy numbering about three hundred, retreated in the direction of Wi Ju. Lieut Tanano and four others were killed. Capt. Kurokawa and twelve others were wounded. The enemy probably sustained equal casualties."

MANY JAPS LANDED.

Rome, March 30.—A telegram from Seoul, Korea, states that the Japanese have made a determined attempt to land at New Chwang, Manchuria. The telegram adds that 45 Japanese transports have landed a large number of troops, guns and supplies at Chinampo, Korea. There are now one hundred and twenty-five thousand Japanese troops in Korea.

GETTING READY FOR TROUBLE

Havana, March 30.—A Nicaraguan government transport is here loading twenty thousand rifles, a million rounds of ammunition, and commissary supplies. The captain says the supplies are simply preparatory to a Nicaraguan defense in event of an anticipated attempt on the part of other states to force that country to join the Central American union.

RUSSIAN VOLUNTEERS CALLED

St. Petersburg, March 30.—Inhabitants of the islands near Vladivostok have been ordered in the event of the Japanese attempting to land to kill their cattle and deer. They will thus prevent the invaders from obtaining supplies. Volunteers have been called upon from among the Russian peasants and in Ussuri districts.

NO LONGER NEUTRAL.

St. Petersburg, March 30.—The Russian government has issued a declaration that after the recent Japan-

ese proceedings in Korea the Korean ports can no longer be regarded as neutral by Russia. The declaration is participated in by the Japanese advance guard occupying Hai Ju, a sea port last Sunday.

MUCH BLOODSHED.

St. Petersburg, March 30.—General Kurapatkin reports that according to towns people, the Japanese left 40 killed and one hundred wounded in a fight at Chong Ju, Monday. The Japanese also lost a number of horses. The Russian captain, Sopanoff, was wounded and Chong Ju is dead.

ARE EXPERIMENTING WITH GUNS.

Che Fu, March 30.—A report from New Chwang states that nine Russian war ships are cruising about Port Arthur harbor and out at sea twelve knots. The forts, under the directions of the ships are to make experimental shots.

COASTING STEAMER SUNK.

Che Fu, March 30.—The Japanese coasting steamer Hanyei was sunk by the Russian fleet Sunday off Misao Islands. The crew and passengers, except the children and one sailor, and one passenger, who arrived here, were taken prisoners by the Russians.

LOSES DAUGHTER

Dr. R. A. Hicks Called to Chicago
on Sad Mission.

Little Girl Dead and His Wife Is Ill
in a Hospital.

A telegram received here this morning announced the death, in a hospital in Chicago, of Margaret, the little daughter of Dr. R. A. Hicks, of this city. The child was taken sick several weeks ago, from typhoid fever, while visiting near Chicago. Dr. Hicks went to her and had her removed to the hospital in Chicago, where he left her very much improved, and apparently out of danger. Mrs. Hicks is also in the hospital where she had an operation performed.

Dr. Hicks received a message last night, saying that the child and Mrs. Hicks were both very much worse. He left at once for Chicago. A message received this morning announced the little girl's death, so he probably did not reach her before she died. She was about three years old and a bright, sweet child. The remains will likely be brought back here for interment, but since nothing has been heard from Dr. Hicks, nothing is known of the funeral arrangements.

PRES. FISH COMING TO PADUCAH

He Will Pass Through the City
Next Monday.

Is On a Southern Tour—The Illinois
Central is Booming Several
Southern States.

LATE RAILROAD NOTES

President Stuyvesant Fish, of the
Illinois Central railroad, will pass
through Paducah Monday en route
south from Louisville.

The local dispatching offices received
a movement for the President's special
this morning, but no information
relative to President Fish's business
south is given out. He is said to be
on a general personal tour of inspection
of the southern lines and will
stop in Paducah only long enough to
change engines.

The I. C. is devoting a great deal
of time and advertising to Tennessee,
Alabama and Mississippi, and has issued
a booklet containing a speech delivered
at a banquet given in the Auditorium
at Chicago during a meeting of the
Central Land Agents' Association of
Illinois and Iowa by Captain
J. F. Merry. The speech booms the
future of the three above mentioned
states, and gives a great deal of
space to Memphis, Tenn., a city
which the I. C. has been instrumental
in helping progress and which a
great future is predicted for.

Special Officer Leander Robertson of
the I. C. at Fulton captured two negro
thieves who were looting the caboose
of Conductor Sim Richardson, that
was on the siding in South Fulton.
One of the negroes, Ed Harris,
escaped, and the officer shot at him
several times but did not hit him.
Jim Bennett, the other negro, was
tried before Esq. Futrell and sent to
jail at Union city.

Mr. Robertson also arrested a negro
in the blind baggage on the Kentucky
side.

The I. C. is making improvements
at Mayfield, Ky., and a crew of carpenters
has been sent to Mayfield
with the necessary material to be
used in putting up a new depot.
Mayfield expected a modern stone
or brick structure, but is glad to get
a new wooden depot.

Mr. J. B. Mallon, formerly chief
clerk under Agent John Donovan here
has been assigned to the duties of depot
master at Louisville, succeeding
Mr. George Jordan, resigned. Mr.
Mallon has assumed charge of the depot
at Louisville.

Master Russell McLean has returned
from Lebanon Junction, where
he had gone for his health, and
returned to work in the local I. C.
passenger depot this morning.

Mr. W. C. Sutherland, lumber inspector
for the I. C., is in the city
again today. Mr. Sutherland is stationed
at Yazoo City and has an extended
territory to work over.

SUMMER THEATER.

NOTHING DEFINITE YET DONE
TOWARDS OPENING IN
PADUCAH.

Mr. Matt Kussell, of Chicago, is
expected in Paducah this week to
close arrangements for the opening
of the summer theater in Wallace
park. Mr. Kussell is manager of the
Garick theater in Chicago and has
a chain of summer theaters from
Chicago, Ill., to New Albany, Ind., on
which Paducah will be located. It is
understood that he will have a week
of stock followed by a week of
vaudeville, throughout the summer
season.

It is likely the theater will open
some time in the early summer, but
the date has not yet been decided on.

HAYS' RETORT TO GOVERNOR

HAYS' COME BACK.

Frankfort, March 30.—Attorney
General N. B. Hays has issued another
signed statement in response to
Gov. Beckham's answer to his criticism
for vetoing the measure allowing
assistants to attorney general's department.
Gen. Hays insists that if the
bill had become a law it would have
saved money to the state. He says if
the governor insists that part of the
money expended should be charged to
Bradley's or Brown's administration,
he should assume estimated cost of un-
finished work under him and the ex-
auditor for \$60,000, which would make
the annual cost in four years \$24,457.
95 instead of \$8,450 under his system.

He says the governor approved the
order which paid out \$4,500 for attor-
neys' fees in the insurance cases to
Pryor, Ellis and "Uncle Colie" Beck-
ham, and the state got nothing. Hays'
reply is a revelation of the fee system
favoritism of the governor.

SENATOR CANTRILL STARTS.

Versailles, Ky., March 30.—The
congressional campaign in the Sev-
enth district was opened here by J.
Campbell Cantrill and W. P. Kim-
ball, of Lexington, who made speeches
at the court house. Both speakers
spent a large part of their time in re-
viewing the career of Representative
Trimble and in criticizing his actions.
Cantrill also took a shot at Gov. Beck-
ham and said that if he wanted re-
venge on the executive he could cer-
tainly have had it as a member of the
Printing Investigation Committee.
Mr. Cantrill also told of the part he
has taken in the recent Legislature,
especially referring to the school book
bill.

CAR WORKS PROJECT OFF.

Henderson, Ky., March 30.—The
matter of locating the car works here
has been abandoned, at least temporarily.
A letter was received from the
promoters in Chicago to the effect that
owing to the condition of the money
market and existing stagnation in the
car construction line they were unable
to complete the subscription. The
proposed plant was to cost \$1,000,000.

NEW CANNING FACTORY.

Mayfield, Ky., March 30.—Messrs.
Jim Lowe, T. J. Wiman, Z. R. Wi-
man, J. R. Lowe, Banker Bishop
and Mrs. Richardson and Young have
organized a joint stock company and
will found at Lowe's a canning factory
with a working capital of \$2,500.
They are to can corn, tomatoes, ap-
ples, peaches, beans, peas and straw-
berries.

THE LAW INTERPRETED.

Frankfort, March 30.—In an opinion
delivered by Attorney General
Hays he holds fifty per cent. of fines
secured by commonwealth's attorneys
in any year can only be used to pay
salary of attorney up to \$4,000 the
limit fixed. If the attorney is paid a
salary the surplus cannot be devoted
to paying the salary for succeeding years.

DEATH AT OLINTON.

Fulton, Ky., March 30.—News has
reached the city of the death of Mr.
Bill Byasse at his home near Olin-
ton of pneumonia. Mr. Byasse had only
been ill for five days. Mr. Byasse
was 53 years of age and one of the
most prominent men in Hickman
county. He was formerly sheriff of
that county.

DEATHS AT FULTON.

Fulton, Ky., March 30.—Mrs. Sue
Dillon, age 65, died here. She was
the mother of Maurice Dillon, and
leaves one sister, Mrs. Boydson, of
Moscow.

Mrs. Walter Daberry died of con-
sumption. She was the wife of Walter
Daberry who is employed by the I. C.

MAYFIELD COUPLE ELOPES.

Mayfield, Ky., March 30.—Josie
Wayne and Miss Myrtle Wrather, a
prominent young couple of Oakton,
eloped to Fulton and were married
by Rev. P. H. Fields, of Bardwell.

Dr. Given N. Campbell, of St.
Louis, arrived yesterday.

TO ASK A VOTE ON ROAD QUESTION

The Bond Proposition to be Left
to the Voters of County.

If Fiscal Court Desires, the People
Will Vote on the Pro-
position.

COURT MEETS NEXT TUESDAY.

The first regular session of fiscal
court will be held next Tuesday at the
county court house. A number of im-
portant matters will come up for ac-
tion.

The county tax rate will be fixed, a
county physician and other officers
elected, and the method of working
the roads will be decided on.

A proposition to leave to the people
of the county the matter of issuing
bonds with which to improve the
county roads, will come up.

If the magistrates desire the people
to express their choice in the matter,
they will vote to have the sense of the
voters taken at the November election
and in less than two years it is ex-
pected to have all the county roads
graveled, instead of being dirt roads,
as many of them are at present.

Supervisor Johnson does not know
at present how the plan will take with
the magistrates, but believes from
what he has heard from people all
over the county that the people are
generally in favor of issuing bonds to
permanently improve the roads by
graveling them, and saving the thou-
sands of dollars a year that are now
wasted in working the dirt roads.

For several years, in fact ever since
the county secured control of the coun-
ty roads, from \$10,000 to \$30,000 a
year has been spent for working them,
and as the first spell of bad weather
makes the roads as bad as if no work
was ever done on them, and no money
spent on them, the residents of the
county are heartily tired of such an
expensive policy.

It is thought that fiscal court will
promptly order a veto on the propo-
sition to issue \$100,000 in bonds with
which to gravel the roads. It is not
expected that there will be any change
in the tax rate for the county.

GOVERNORS' VACATION.

Frankfort, Ky., March 30.—Gov.
Beckham left this morning for Louis-
ville, en route to Bardstown, where
he goes on personal business and a rest
for a few days.

FULTON OFFICERS HERE.

Marshals L. C. Robertson and Jesse
Walker, of Fulton, are in the city to-
day attending court. They are wit-
nesses in the forgery case against
George Wyatt.

Mrs. G. G. Nance has returned

field.

NATURE'S AWAKENING

Seasons Change and we Change with them.

As warm weather approaches nature awakes from her
long winter sleep. The dreary months of bitter cold give
way to sunshine, the ice king vanishes and the swelling buds
and tender sprouts give evidence of spring's awakening. The sap,
the life blood of all vegetation, is coursing upward through roots and
fibres, taking with it from the bosom of mother earth food for the growth
and development of vegetable life. Rich soil and a free and abundant
circulation of sap produces healthy vegetation, while poor soil and a deficiency of the life-
giving fluid means dwarfed or stunted growth and decay.

At spring's awakening the blood from which all animal life draws its sustenance and
which nourishes our bodies must be free of
all impurities and in a normal, healthy con-
dition, or evidences of it will surely crop out
in the form of sores and boils, red itching
eruptions, pimples, rashes and skin troubles
of every description. Warm weather stirs the
blood, and in the effort to throw off the accu-
mulated poison is thrown into a feverish ex-
citement and riotous state, and the skin is the
chief sufferer. The humors and poisons with
which it is filled are thrown off through the
skin, and so long as the blood is burdened
with impurities sores and boils, pimples and
blotches, bumps and rashes will continue to
come. Bad blood not only affects the skin
but creates internal disorders. The Liver and
Kidneys act less promptly, the stomach is
upset and the appetite usually fails, and this
condition of affairs is bad on the nervous sys-
tem and brings on that debilitated, run-down,
tired-out feeling common to this time of the year. To remove from the blood all impurities
and poisons is necessary before there is a full and free circulation and healthy action in other
parts of the system. If your blood is all right then you are prepared for spring's awakening
and the coming of warm weather. As a perfect spring medicine nothing is superior to
S. S. S., which is made from roots and herbs gathered fresh from fields and forests and
a particle of any mineral substance of any kind enters into
this great vegetable remedy; and S. S. S. is the only blood
purifier known of which this can truthfully be said. S. S. S.
for the blood is widely and favorably known; it has been
used for nearly fifty years and is more popular today than
ever. If your nervous system is run down and the app-
etite fails, or sores, boils, pimples, or eruptions of any kind
begin to appear, it indicates the blood is not up to the proper standard and that you have become
impure and lost its power to nourish the body. Rich, pure blood and good circulation assures
perfect health and freedom from many annoying ailments peculiar to spring. S. S. S. acts promptly and will put your system in the best possible condition at spring's
awakening. If you have any blood trouble, write us about it and our physicians will help
you get rid of it. Book on blood and its diseases free.

SSS

HAS A GOLDEN OPINION OF S. S. S.

Salem, Ohio, August 4, 1903.
I have a golden opinion of S. S. S. Will have no other
blood medicine in the house. I do not believe there is a
remedy made that can compare with S. S. S. as a blood
purifier, alterative and tonic. It purifies and restores the
blood and gives tone and strength to all the organs. In
other words, it builds up the general health while driving
out poisons and impurities. I am a great admirer of
S. S. S., because I know it to be all you claim for it, and
know, too, that it is superior to Sarsaparilla compounds
and other things I have used. To sum up what I have
said, S. S. S. is the prince of blood purifiers and I heartily
recommend it to all who are afflicted with blood troubles.

INCREASED STRENGTH AND ENERGY.

Wheeling, W. Va., May 27, 1903.
This spring I was greatly run down in health, and feel-
ing that I needed a blood purifier and tonic, I began the use
of S. S. S. and took some six bottles, with the result that
it put my blood in good condition, gave me increased
strength and energy, improved my appetite and digestion,
and made me feel like a different man. A blood purifier,
and tonic S. S. S. is all right. J. H. MCKINLEY.

CAR MEN ORGANIZATION IS
GROWING RAPIDLY IN
PADUCAH.

The Brotherhood of Railway Car-
men met again last night and initi-
ated 21 new members. This swells the
membership of the Brotherhood to
near the three hundred mark, and
every Tuesday night more members
are taken in.

The meeting last night lasted until
12:15 o'clock and on account of the
lateness of the hour the matter of or-
ganizing the trades council was not
taken up. The carmen are enthused
over the prospects of their order and
hope to make it the biggest laboring
order in the state. The N. O. and
St. L. carmen are included in the
membership of the order.

BAPTISTS TO MEET IN NASHVILLE

The National Convention to
Hold Its Session There.

Large Crowds From Many Places are
Expected to At-
tend.

DELEGATES TO GO FROM HERE

The Southern Baptist Convention will meet in Nashville May 13 and continue in session five days. On the day preceding the Baptist Young People's Union of the South the American Education Society and the Woman's Missionary Union will hold their meetings. Between 4,000 and 5,000 delegates and visitors will be in attendance at the convention.

The Southern Baptist convention, with its auxiliary bodies, is the largest gathering of Baptists in the world, and perhaps the largest of any denomination. The convention represents the largest denomination in the South. It had a constituency last year of 1,737,466 white Baptists and an estimated negro membership of 1,227,089, making a total membership of 3,644,715.

The convention is fifty nine years old, having been founded in Augusta, Ga., in 1845. For several years it met biennially, but since the war its meetings have been held annually.

The president of the convention is ex-Governor James P. Eagle, of Arkansas, who succeeded ex-Gov. W. J. Northern, of Georgia. Preceding Gov. Northern was Judge Jonathan Haralson, of the supreme court of Alabama. The vice-presidents elected last year were the Hon. George Hill, of Atlanta; Mr. E. W. Stephens, of Columbia, Mo.; Dr. A. E. Owen, of Portsmouth, Va., and Dr. R. C. Buckner, of Dallas, Tex.

The secretaries of the convention are Dr. Lansing Burrows, of Nashville, and Dr. O. F. Gregory, of Montgomery, Ala. These gentlemen have held their positions for many years, and are known as the "Lightning secretaries." Although the record of the convention covers about 250 printed pages, it is off the press almost as soon as the convention adjourns, and frequently reaches the delegates' home before his return. Several delegates will attend from Paducah.

UNTIL THURSDAY.

THE JOINT MINERS' CONFERENCE ADJOURNED AT LOUISVILLE.

The joint conference of committees from the operators of Western Kentucky and the United Mine Workers of America, District 23, adjourned at Louisville at 10 o'clock Thursday morning.

C. W. Wells, president of District 23, of the United Mine workers, was the only person authorized to speak to the press and said: "We agreed to adjourn until Thursday to enable a subcommittee of miners and operators to obtain certain information that is desired by both sides. I cannot tell you the nature of the information we want, nor the names of the committee. We still hope for an amicable adjustment of our differences. If we fail to agree after this subcommittee reports, Mr. Mitchell, president of the United Mine workers of America, may come here. As it is now he wants to see our differences settled without his presence, as he is a very busy man."

Druggists Who Sell
Dr. Miles' Nervine
Agree, If It Fails,
To Refund Cost.

Of course we reimburse the druggist. You know him, and trust him. Dr. Miles' Nervine is medicine for your nerves.

It cures diseases of the internal organs, by giving tone to the nerves which make these organs work.

It is a novel theory—not of anatomy, but of treatment; first discovered by Dr. Miles, and since made use of by many wide-awake physicians, who appreciate its value in treating the sick.

If you are sick, we offer you a way to be made well—Dr. Miles' Nervine. This medicine is a scientific cure for nerve disorders, such as Neuralgia, Headache, Loss of Memory, Sleeplessness, Spasms, Backache, St. Vitus' Dance, Epilepsy or Fits, Nervous Prostration, etc.

By tuning up the nerves, Dr. Miles' Restorative Nervine will also cure those diseases of the internal organs due to a disordered nervous system.

Some of these are: Indigestion, Bilious Headache, Kidney Trouble, Chronic Constipation, Dropsy, Catarrh, Rheumatism, etc.

"My brother had nervous prostration, and was not expected to live. I prevailed upon him to try Dr. Miles' Restorative Nervine, and now he has fully recovered. You remember I wrote you how it saved my life a few years ago, when I had nervous trouble. I preach its merits to everyone."—REV. M. D. MYERS, Correctionville, Iowa.

MR. L. W. ROBERTSON IN SANITARIUM AT MARTINSVILLE.

Many friends in Paducah will regret to learn that Mr. Lloyd W. Robertson, formerly of the city, but lately residing in Lexington, Ky., is now confined in the sanitarium at Martinsville, Ind., where he has been for several days. Mr. Robertson went to Lexington to work for the Equitable Life Assurance company and hoping a change of location would benefit his health, but though the removal secured him a lucrative place it has failed to improve his health, hence his sojourn at Martinsville.

MAYFIELD NEGRO SHOTS SEVERAL TIMES AT ANOTHER.

Jack Kelley, colored, while mad at another negro in Mayfield last night, shot at him once with a double barrel gun. The man was struck by the lead but this did not satisfy Kelley and he attempted to fire the second time, but the gun refused to go off.

The negro then pulled his pistol and fired several times, one shot flying wild and striking a negro named Biggers. Both men were seriously wounded and Kelley is under arrest.

40,000 DIE FROM IT IN INDIA IN ONE WEEK.

Bombay, March 30—The Bubonic plague returns from all India for the week ended March 19, show a mortality of over 40,000, an increase of seven thousand over the preceding week. The death rate is heavy in all the provinces.

AN OFFICER KILLED.

Columbia, Ky., March 30—Deputy Jailor Martin Conover was shot and killed by Albert Burton, near Knifley, Ky., this county this morning. Conover and Deputy Sheriff Bram Vaughan had arrested Tom Burton, a brother of Albert, and started to Columbia with him when Albert Burton, who was in hiding, shot Conover with a double barrel shot gun. Vaughan returned the fire and thinks he hit Burton. Officers have gone after Burton.

PHOTOGRAPHER SENTENCED.

Louisville, Ky., March 30—Ollie Beattie, the Fordville photographer, was today found guilty in the United States district court on three counts, charging him with raising five one dollar bills to ten dollars each, with having raised bills in his possession, and with wilful intent to defraud the government, was sentenced by Judge Evans to five years at hard labor in the United States prison in Atlanta.

POLICE BOARD MEETS TONIGHT

GENERAL COUNCIL ELECTIONS.

A called meeting of the general council was held last night to elect a license inspector, milk and meat inspector and wharfmaster. The first two officers should have been filled the first of the year when other city officials were elected, but it was suggested that ordinances be passed abolishing them, and the elections were deferred.

The aldermanic board passed the ordinances, dispensing with license inspector, and milk and meat inspector, but the council declined, leaving the positions to be filled by the general council.

Late yesterday afternoon the mayor called a meeting of the general council to attend to the matter, and all the councilmen except Councilman Riglesberger, and all the aldermen, were present.

Upon convening, a letter was read from License Inspector Ezell stating that he was entitled to hold the office and would contest the election of anyone else.

The only two nominations for the position were Officer Ed Clark, the patrolman, and a son of Police Commissioner Mann Clark, and Mr. Tom Goodman, the Mechanicsburg barber. The former was elected by a vote of 12 to 7, those voting for Mr. Goodman being: Councilman Ingram, McCarty, Rehkopf, Gallman, Smedley, Watson and Alderman Smith.

Wharfmaster S. A. Fowler's resignation was presented and accepted, Mr. Fowler now being a member of the Board of Public Works, and Capt. Frank Brown, now of the steamer Chattanooga, and Mr. Frank Mantz, were nominated. Mr. Brown received fourteen votes, Councilmen McCarty, Smedley, Taylor, Watson, Hymarsh, Gallman, Gilson and Ingram, and Alderman Reed, Dorsett, Grief, Kraus, Singleton and Smith.

Alderman Singleton, when the matter of electing the meat and milk inspector came up, wanted a certificate of competency filed, but it was decided this could be done anytime before the official election. Drs. Warner and Garber, the veterinarians, were then nominated, and Dr. Garber was elected, those voting for Dr. Warner being Aldermen Davis, Orme, Singleton, and Councilmen Gilson and Hymarsh.

PUBLIC WORKS BOARD.

The first meeting of the Board of public works since its organization took place at the city hall last night. It was decided to do nothing in regard to the street paving under the bond issue authorized last November until the courts have passed on the bond issue.

Street Inspector James Eaker was appointed foreman under the board, his duties being the same, and was allowed an assistant, appointing Mr. Ed McCormick, who has been assistant street inspector and is as good a man as could be found for the place.

Record books, stationery and such things were ordered, and it is given out that already enough work has been planned for this year to exhaust the street appropriation, and that the board will have little to do except supervise the work already provided for. It will meet all contracts after the legislative boards have provided for the work. A meeting will be held tomorrow night at which to choose a bookkeeper.

COMMISSIONERS MEET.

The Fire and Police Commissioners will hold a meeting this evening or tomorrow for the purpose of naming stationmen and choosing two extra police officers, and to transact other business.

Officer Ed Clark has resigned as a patrolman to accept the position of license inspector, to which he was elected last night, and he will be succeeded as a regular officer by Extra Officer Ernest Hill.

This will leave two positions as extra officers to be filled by the board, and it is probable Former Officer Tom

Avoid Typhoid

Liquozone Makes It Impossible—A 50c Bottle Free.

We have purchased for \$100,000 the American rights to Liquozone, because it prevents and cures germ diseases, and Typhoid is one. We thus control the only way to attack the dread disease.

The germs of typhoid generally get into the body through water. They locate in the bowels, and they breed there and multiply with inconceivable rapidity. They cause ulceration of the bowels, and that is typhoid. These germs can now be killed in the water before they get into the body. And they can be killed in the body easily, quickly and certainly. Typhoid is unnecessary.

How to Prevent.

Put two teaspoonfuls of Liquozone in each glass of drinking water. It will add a pleasant taste to the water, and it makes the water a tonic. But no touch of impurity, no germ of disease, can exist in the presence of Liquozone. There is no other way to make certain of killing the germs of typhoid.

We live in Chicago where the city water is often laden with typhoid. We put Liquozone in all the water served in our Laboratory, and we serve it on the tables of our homes. We have 400 employees, yet not a case of typhoid has developed among them.

You can prevent it just as well as we.

How to Cure.

Take Liquozone internally until the germs are killed. Take large doses and frequent doses, kill the germs quickly. There is no other way. Every drug

that kills germs is a poison, and it can not be taken internally in effective doses. Salol, so commonly given in typhoid, gets its effect from carbolic acid. Enough of that acid to kill the germs of typhoid would be enough to kill you. And so with mercury, which is also employed.

Every physician knows that he cannot kill internal germs with such poisons, for a dose that would stop a germ trouble is a dose that stops life.

We Paid \$100,000

for the American rights to Liquozone, because it does in germ diseases—like typhoid—what nothing else known can accomplish. It is the only germicide which is harmless to the human body.

Liquozone is the result of more than 20 years of scientific and chemical research. It is made by generating gases, made in large part from the best oxygen producers. These gases are confined under pressure and, by the employment of an immense apparatus and 14 days' time, are made part of the liquid product.

The result is a product which does what oxygen does. Like oxygen gas it gives to the body the most essential elements of life. It is a tonic with which no other known product can compare. And yet, like an excess of oxygen, it is so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

50c Bottle Free

We want to show you how to stop this epidemic of typhoid. There is no time

to argue, no time to convince you. Too many lives may be lost by delay. So we simply say this: We will buy the first bottle and give it to you—to every one who asks it. Send us the coupon and we will mail you an order on your druggist for a 50c bottle, and we will pay your druggist ourselves for it.

Use it to prevent Typhoid by purifying your water. Use it to cure Typhoid if you have it. Write us today for your own sake, for you cannot afford the risk you are taking without it.

This applies to physicians as well as to patients. Any physician who doesn't know what Liquozone does is welcome to enough for a test. We have a special book for physicians referring to typhoid. We employ a physician to advise other physicians regarding it. Let us prove that Liquozone does in typhoid what all medical skill cannot accomplish without it.

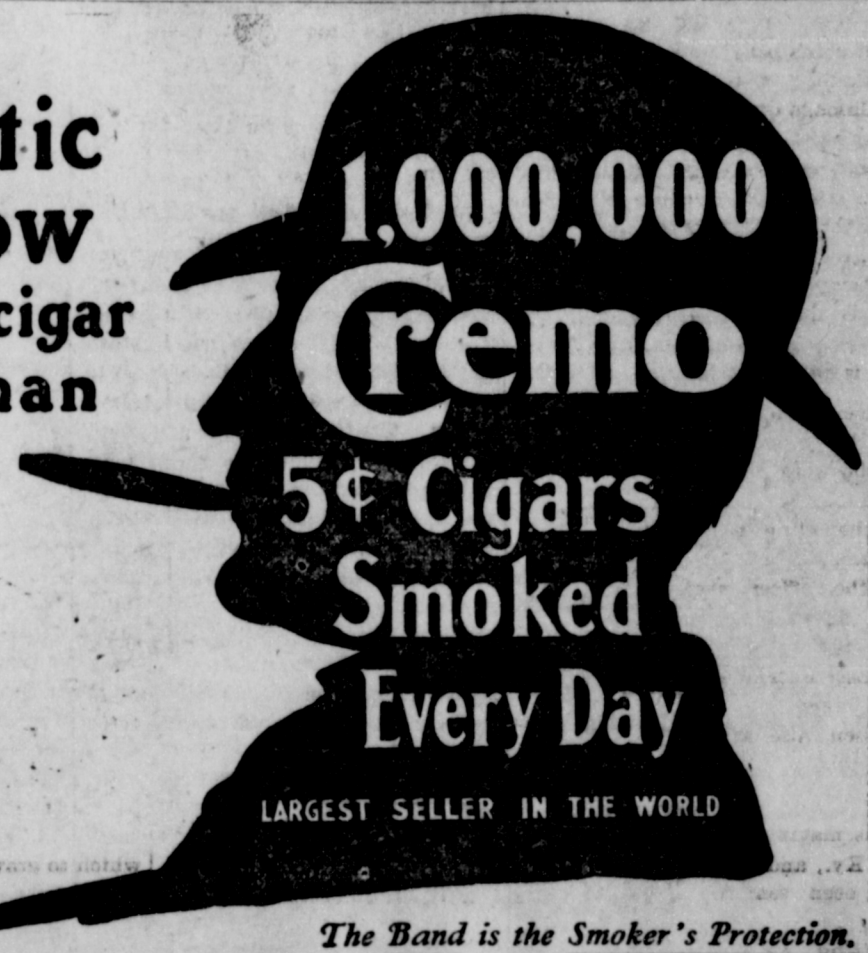

Liquozone costs 50c and \$1.

CUT OUT THIS COUPON

and mail it to the Liquid Ozone Co., 458-460 Wabash Ave., Chicago. I have never used Liquozone, but if you will furnish me a 50c bottle I will use it to prevent typhoid.

ANOTHER SINECURE.

The city has made arrangements to maintain another sinecure. It has elected a "milk and meat inspector," who incidentally must look after the city's horses. He may make a pretty good horse doctor, but it is useless to have milk and meat inspectors at all under the present ordinance. Even if the horse doctor elected to fill it can capably inspect meat and milk, he will be unable to do it under the existing ordinance, because it is an impossibility.

The object of the ordinance was originally to protect the 20,000 or more people of Paducah by insuring them pure milk and meats. There was no way for the general public to ascertain whether its milk or meat was fit to eat or not, especially with regard to disease, so in response to a persistent demand on the part of the medical profession and many others, the ordinance was passed and the office was created. It has been a failure, because the men who passed it did not make a law that would insure successful inspections. Most of the milk and meat is not now, cannot be, and will not be, inspected under the present ordinance, no matter who holds the office, and consequently the public will have no more protection than before, and the \$50 a month paid the inspector will be merely a waste of money. The city has been paying \$15 a month for attending to its horses. The difference now will be that it will pay \$50 a month.

The only kind of ordinance that will give protection to the thousands of inhabitants in Paducah and insure them pure meat and milk is one which will require every person selling meat and milk inside the city limits to first have it inspected. The inspector may then establish his office in the most convenient place, and every person selling meat or milk will have to have it first inspected, or be subject to a fine. This will make it hard on the few who sell meat and milk, but it will protect the many who eat and drink it, and this is the real object of the law. Those who object to such a law could quit the business and go into something easier. As it is now, the city has merely taken steps to waste a lot more money, despite the condition in which the treasury now is.

The general council slipped up on the public last night and elected a few

officers that should have been elected long ago. It is rather a reflection on the people to elect a horse doctor to inspect the milk and meat to be used as food by Paducah people, but it is probably all that could be expected of the present crowd in office, and all the people deserve, considering the fact that they elected such boards to manage their affairs. It is understood that the milk and meat inspector has been here only a few months, not long enough to be eligible to begin with, and that he knows nothing about meat or milk, in addition. If this is the case the money paid him for salary will be wasted, but what do the city officials care? The people who elected them to office must stand the consequences of their folly.

If city officials should by chance become imbued with the idea that the "pink slip" will be removed in Paducah in thirty, sixty, or ninety days by the underwriters, they should be told better. The "pink slip" it is generally understood among insurance men, will be taken off in Paducah whenever the recommendations of the underwriters are complied with. If this could be in thirty days, the pink slip would come off in thirty days. If it requires the city officials a year, the pink slip will remain on a year. Hence the quicker things are done by the city the quicker will be the relief from the high rates.

Henderson has lost the million dollar car wheel works she counted on, but our neighbor can have the satisfaction of knowing that it wasn't the fault of the town, but of the promoters in Chicago, who failed to make good at their end of the line. Henderson is a hustler, and will probably soon get something else just as good, if not better.

It is settled that everything will be lovely at Chicago for the national Republican convention, and the local committee has agreed to put up \$5,000 for the immediate use of the National Committee to pay convention bills. It will be a great convention, for it will outline the policy of the United States for the next four years.

Senator Burton, of Kansas, has been convicted of improperly using his office, but his seat in Congress will not be vacated until the case has gone the rounds of the court, and then probably not until after a Senate investigation, unless he resigns. It is said to be the first prosecution on record under the statute.

The Democrats of Kentucky should not bewail the factional fights in their party and the petty quarrels among the state officials. The officials who are in a continual wrangle were elected by the Democrats, and a majority of the Democrats have gotten about as good as they deserve.

"DO IT TODAY."

The time worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. THAT DELIGHTFUL DOG.

Is the dog a nuisance or a benefactor? That is the question. In yesterday's Sun a party wrote a very pathetic appeal for the canine, intimating that it was cruel, inhuman and barbarous to dispense with their valuable services both as a pet and a protector. He compared the dog with the canary bird, the cow and the horse, stating that all were indispensable and that the dog in many instances was preferable. Now let us look at the matter in the proper light. For instance the cow is a necessity while the dog is not. You drink the milk from the cow, eat the butter and after she has served out her time of usefulness, you fatten her and relish her as beef. How about the dog? As to the canary birds? Have you ever known one in your life to sit back on its haunches and bay at the moon keeping every one awake for a mile around? Have you ever known the horse to be allowed to roam all night in flocks of forty, to disturb the slumber of those who are sick? If so it is in violation of the law and the owners of the horses are fined, which they should be. It is said that the poor man needs a dog to protect his household. Why should he, when he has nothing to steal?

The rich man may need one and if he does he is certainly able to pay the tax. There are more old mongrel, worthless dogs in the city of Paducah than any place of its size in the world, and what they consume could be easily given to the many poor children in the city who are really deserving. A man will go to market and buy ten cents worth of meat for a worthless cur that would refuse to give a poor child on the street a penny. That is his business, of course, and he has a right to dispose of his money as he sees fit. There are hundreds of dogs kept in the city by people to hunt with one week in the year. If he can afford to keep the dog that long for one week's sport he is certainly able to pay the tax.

You pay tax on your horse and cow. Taxes are paid on horses and then a license of five dollars a year to use them. The mere idea of comparing a dog with the cow or horse is simply nonsensical. If you have an admiration for your dog, pay taxes on him or he must suffer the consequences. Paducah is a metropolitan city, and all persons owning dogs in cities of its class pay taxes. So let the dog do the howling.

St. Louis, March 30.—The dead bodies of John Altman, aged 68, and his wife, Julianna, aged 47, were found in their homes both having been asphyxiated by gas, according to their own prearrangement.

Burdened by debts, advancing years and the recollection of a fortune vanished are supposed to have led them to commit suicide. They left a note saying they had taken their own lives.

In the cellar was found the dead body of their pet cat, which has been chloroformed.

CAPT. J. M. EZELL WILL MAKE FIGHT

To File an Injunction Suit Against the City.

To Prevent New License Inspector Discharging the Duties or Collecting Pay.

ELECTION WAS TOO LATE

The city is to have a lively fight on its hands as a result of the meeting of the general council last night, which elected Mr. Ed Clark license inspector to succeed Captain J. M. Ezell, who has held the position for the past two years.

Captain Ezell claims that he was elected under a city ordinance which specifies that the license inspector "shall" be elected in December of each year. He declares that the proper time for the general council to have elected a license inspector was last December, and that as none was elected, none can be elected now until next December, and he is still entitled to hold the office.

An effort was made between the time for electing the inspector and the election last night, to abolish the office, but the council refused to concur in the board of aldermen's action, and there was nothing left to do except elect an inspector. Captain Ezell was not a candidate under the circumstances, preferring to take his chances on the law mentioned above.

Legal opinion differs as to his grounds for a contest. He has employed Attorney J. O. Flournoy to bring an injunction suit to prevent Mr. Clark taking possession of the office, and Attorney Flournoy will file it today or tomorrow. Captain Ezell says that many of the best attorneys in the city have informed him that he has a good case, and can hold his office.

If Captain Ezell wins his suit, Dr. Duley can prevent the new milk and meat inspector from holding that office on the same grounds.

A PROMINENT COLLEGE MAN.

One of Indiana's Useful Educators Says: "I Feel Like a New Man."

MR. JOHN W. MENG.

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes:

"I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and water wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation which I felt very reluctant to do. Seeing an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses which keeps me in excellent health."

John W. Meng.

THE most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh. Hon. ANOTHER SINECURE.

The city has made arrangements to
maintain another sinecure. It has
elected a "milk and meat inspector,"
who incidentally must look after the
city's horses. He may make a pretty
good horse doctor, but it is useless to
have milk and meat inspectors at all
under the present ordinance. Even
if the horse doctor elected to fill it
can capably inspect meat and milk,
he will be unable to do it under the
existing ordinance, because it is an
impossibility.

The object of the ordinance was
originally to protect the 20,000 or
more people of Paducah by insuring
them pure milk and meats. There
was no way for the general public
to ascertain whether its milk or
meat was fit to eat or not, especially
with regard to disease, so in re-
sponse to a persistent demand on the
part of the medical profession and
many others, the ordinance was passed
and the office was created. It has
been a failure, because the men who
passed it did not make a law that
would insure successful inspections.
Most of the milk and meat is not now,
cannot be, and will not be, inspected
under the present ordinance, no mat-
ter who holds the office, and conse-
quently the public will have no more
protection than before, and the \$50 a
month paid the inspector will be mere-
ly a waste of money. The city has
been paying \$15 a month for attend-
ing to its horses. The difference now
will be that it will pay \$50 a month.
The only kind of ordinance that
will give protection to the thousands
of inhabitants in Paducah and insure
them pure meat and milk is one which
will require every person selling meat
and milk inside the city limits to first
have it inspected. The inspector
may then establish his office in the
most convenient place, and every per-
son selling meat or milk will have to
have it first inspected, or be subject
to a fine. This will make it hard on
the few who sell meat and milk, but
it will protect the many who eat and
drink it, and this is the real object of
the law. Those who object to such a
law could quit the business and go
into something easier. As it is now,
the city has merely taken steps to
waste a lot more money, despite the
condition in which the treasury now
is.

The general council slipped up on
the public last night and elected a few

A SONG OF THE DAY.

officers that should have been elected
long ago. It is rather a reflection on
the people to elect a horse doctor to
inspect the milk and meat to be used
as food by Paducah people, but it is
probably all that could be expected of
the present crowd in office, and all the
people deserve, considering the fact
that they elected such boards to man-
age their affairs. It is understood
that the milk and meat inspector has
been here only a few months, not long
enough to be eligible to begin with,
and that he knows nothing about
meat or milk, in addition. If this is
the case the money paid him for sala-
ry will be wasted, but what do the
city officials care? The people who
elected them to office must stand the
consequences of their folly.

If city officials should by chance be-
come imbued with the idea that the
"pink slip" will be removed in Padu-
cah in thirty, sixty, or ninety days by
the underwriters, they should be told
better. The "pink slip" is generally
understood among insurance men,
will be taken off in Paducah whenever
the recommendations of the under-
writers are complied with. If this
could be in thirty days, the pink slip
would come off in thirty days. If it
requires the city officials a year, the
pink slip will remain on a year.
Hence the quicker things are done by
the city the quicker will be the relief
from the high rates.

Henderson has lost the million dol-
lar car wheel works she counted on,
but our neighbor can have the satisfac-
tion of knowing that it wasn't the
fault of the town, but of the promot-
ers in Chicago who failed to make
good at their end of the line. Hender-
son is a hustler, and will probably soon
get something else just as good, if not
better.

It is settled that everything will
be lovely at Chicago for the national
Republican convention, and the local
committee has agreed to put up \$5,000
for the immediate use of the National
Committee to pay convention bills.
It will be a great convention, for it
will outline the policy of the United
States for the next four years.

Senator Burton, of Kansas, has been
convicted of improperly using his
office, but his seat in Congress will
not be vacated until the case has
gone the rounds of the court, and
then probably not until after a Sen-
ate investigation, unless he resigns.
It is said to be the first prosecution
on record under the statute.

The Democrats of Kentucky should
not bewail the factional fights in their
party and the petty quarrels among
the state officials. The officials who
are in a continual wrangle were elect-
ed by the Democrats, and a majority
of the Democrats have gotten about as
good as they deserve.

"DO IT TODAY."

The time worn injunction, "Never
put off 'til tomorrow what you can do
today," is now generally presented in
this form: "Do it today!" That is
the terse advice we want to give you
about that hacking cough or demoral-
izing cold with which you have been
struggling for several days, perhaps
weeks. Take some reliable remedy
for it today—and let that remedy be
Dr. Boschee's German Syrup, which
has been in use for over thirty-five
years. A few doses of it will un-
doubtedly relieve your cough or cold,
and its continued use for a few days
will cure you completely. No matter
how deep seated your cough, even if
dread consumption has attacked your
lungs, German Syrup will surely effect
a cure—as it has done before in thou-
sands of apparently hopeless cases of
lung trouble. New trial bottles, 25c;
regular size, 75c. At all druggists.

Zoa Phora has done for me. I suffered for
months with nervous prostration, sick headache
and kidney and bladder trouble. After holding
consultation, four doctors said I could not live
without an operation, and I was too weak to
have one. Bunches formed in my bowels and I
became so sore that I lost the use of my limbs.
The doctor called the bunches tumors. He said
that I also had a floating kidney, and would
not be any better until I had it sewed in place.
After using one bottle of Zoa Phora, I could

THAT DELIGHTFUL DOG.

Is the dog a nuisance or a benefac-
tor? That is the question. In yester-
day's Sun a party wrote a very pathet-
ic appeal for the canine, intimating
that it was cruel, inhuman and barbar-
ous to dispense with their valuable
services both as a pet and a protector.
He compared the dog with the canary
bird, the cow and the horse, stating
that all were indispensable and that
the dog in many instances was pre-
ferable. Now let us look at the mat-
ter in the proper light. For instance
the cow is a necessity while the dog
is not. You drink the milk from the
cow, eat the butter and after she has
served out her time of usefulness, you
fatten her and relish her as beef. How
about the dog? As to the canary
birds? Have you ever known one in
your life to sit back on its haunches
and bay at the moon keeping every
one awake for a mile around? Have
you ever known the horse to be al-
lowed to roam all night in flocks of
forty, to disturb the slumber of those
who are sick? If so it is in violation
of the law and the owners of the
horses are fined, which they should be.
It is said that the poor man needs a
dog to protect his household. Why
should he, when he has nothing to
steal?

The rich man may need one and if
he does he is certainly able to pay the
tax. There are more old mongrel,
worthless dogs in the city of Paducah
than any place of its size in the
world, and what they consume could
be easily given to the many poor chil-
dren in the city who are really deserv-
ing. A man will go to market and
buy ten cents worth of meat for a
worthless cur that would refuse to
give a poor child on the street a pen-
ny. That is his business, of course,
and he has a right to dispose of his
money as he sees fit. There are hun-
dreds of dogs kept in the city by
people to hunt with one week in the
year. If he can afford to keep the
dog that long for one week's sport he
is certainly able to pay the tax.

You pay tax on your horse and cow.
Taxes are paid on horses and then a
license of five dollars a year to use
them. The mere idea of comparing
a dog with the cow or horse is sim-
ply nonsensical. If you have an ad-
miration for your dog, pay taxes on
him or he must suffer the consequen-
ces. Paducah is a metropolitan city,
and all persons owning dogs in cities
of its class pay taxes. So let the dog
do the howling.

ST. LOUIS COUPLE WHO HAD
SEEN BETTER DAYS ENDED
THEIR LIVES.

St. Louis, March 30—The dead bod-
ies of John Altman, aged 68, and his
wife, Julianna, aged 47, were found
in their homes both having been as-
phyxiated by gas, according to their
own prearrangement.

Burdened by debts, advancing years
and the recollection of a fortune van-
ished are supposed to have led them to
commit suicide. They left a note say-
ing they had taken their own lives.

In the cellar was found the dead
body of their pet cat, which has been
chloroformed.

CAPT. J. M. EZELL WILL MAKE FIGHT

To File an Injunction Suit
Against the City.

To Prevent New License Inspector
Discharging the Duties or
Collecting Pay.

ELECTION WAS TOO LATE

The city is to have a lively fight on
its hands as a result of the meeting of
the general council last night, which
elected Mr. Ed Clark license inspector
to succeed Captain J. M. Ezell, who
has held the position for the past
two years.

Captain Ezell claims that he was
elected under a city ordinance which
specifies that the license inspector
"shall" be elected in December of
each year. He declares that the prop-
er time for the general council to have
elected a license inspector was last
December, and that as none was
elected, none can be elected now un-
til next December, and he is still
entitled to hold the office.

An effort was made between the
time for electing the inspector and
the election last night, to abolish the
office, but the council refused to con-
cur in the board of aldermen's action,
and there was nothing left to do ex-
cept elect an inspector. Captain
Ezell was not a candidate under the
circumstances, preferring to take his
chances on the law mentioned above.

Legal opinion differs as to his
grounds for a contest. He has em-
ployed Attorney J. C. Flournoy to
bring an injunction suit to prevent
Mr. Clark taking possession of the
office, and Attorney Flournoy will
file it today or tomorrow. Captain
Ezell says that many of the best at-
torneys in the city have informed him
that he has a good case, and can hold
his office.

If Captain Ezell wins his suit,
Dr. Duley can prevent the new milk
and meat inspector from holding that
office on the same grounds.

MAY SHUT DOWN.

HIGH WATER SUSPENDS WORK
FOR A FEW DAYS.

The marine ways shut down today
at noon until the high water is over
and the ship carpenters and caulkers
are doing nothing at present.

The steamer Joseph Henry is on the
ways for repairs and a great deal of
work remains to be done on her. Cap-
tain Williams stated today at noon
that the shut down would not be long
he thought, as the river would come
but little higher.

THE HIGH SCHOOL

New Desks Ordered for the Recitation
Rooms of School.

Last night the equipment commit-
tee of the board of education met and
decided to buy one hundred new rec-
itation chairs to be placed in the rec-
itation rooms of the High school build-
ing. There are a number of desks at
the building not in use, and while the
order of new chairs will not be suffi-
cient to accommodate the entire High
school, with the addition of the extra
desks it will fill the want.

Attorney Sam Crossland, of May-
field, is in the city on business.

MR. JOHN W. MENG.

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative
of Indianapolis Business College, writes:

"I firmly believe that I owe my fine health to Peruna. Constant travel and
change of food and water wrought havoc with my stomach, and for months I
suffered with indigestion and catarrh of the stomach. I felt that the only thing
to do was to give up my occupation which I felt very reluctant to do. Seeing
an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used
it faithfully for six weeks, when I found that my troubles had all disappeared
and I seemed like a new man. I have a bottle of Peruna in my grip all the
time, and occasionally take a few doses which keeps me in excellent health."

THE most common phases of summer
catarrh are catarrh of the stomach
and bowels. Peruna is a specific for
summer catarrh.

SUDDEN DEATH

Wife of a Prominent Farmer Dies Near Woodville.

Was Busy Quilting When the Final Summons Came to Her.

Mrs. Mattie Moore, wife of A. J. Moore, a prominent farmer, died suddenly at her home near Woodville, this county, at 9 o'clock this morning from paralysis.

Mrs. Moore entertained a quilting party at her home yesterday and was in the best of health and spirits. Her guests left late in the afternoon and she continued her quilting alone. A member of her family in another room heard her scissors drop from her hand, and going to her found her unconscious.

She died this morning, never having regained consciousness. She was about 55 years of age. She left a husband and two sons by a former marriage.

The burial will take place tomorrow afternoon at 2 o'clock at the family burying ground.

MOTHERS' COUNCIL

MEETING TO BE HELD TOMORROW AFTERNOON AT FIRST BAPTIST CHURCH.

Thursday afternoon at 3 o'clock in the First Baptist church there will be a gathering of mothers of Paducah in council. The object of the council will be to study the child in its three fold nature and to apply the knowledge thus obtained to the practical care of the children in the home; to investigate the conditions of children and mothers in all spheres of life and to endeavor to improve them; to be interested in all that pertains to the welfare of the family, the community and the nation.

It is the desire of the ladies who have the meeting in charge to reach every mother in the city that these conferences may be far reaching in their helpfulness. All mothers are cordially invited and urged to be present.

NOTHING DEFINITE

CONTRACTOR SAYS NON-UNION MEN MAY BE EMPLOYED.

There is much speculation as to what will be done with the carpenters' demands for an increase in wages in Paducah and from what the contractors say it is probable that most of the latter will ignore the demands and hire non-union men.

"I for one will refuse to sign the scale," a well known contractor stated this morning, "and understand that others in the association will ignore it. There is some talk of a compromise, but this is improbable as I think most of the contractors will continue to employ the men who want to work for wages paid in accordance with the ability of the mechanic."

TODAY'S DEATHS

ONE DEATH NEAR NEW HOPE—ONE ON ELIZABETH STREET.

Mr. Andy McKinney died this morning, near New Hope, in this county, of dropsy. He was 68 years of age. The funeral will take place from the New Hope church tomorrow and the burial will be in a family grave yard. He left a wife and nine children.

Dora Theles Richardson, the ten year old daughter of Mr. W. H. Richardson, died at 9 o'clock this morning, at 502 Elizabeth street, of pneumonia. Another child in the same family, a boy, 14 years of age, died of the same disease recently.

The burial will take place tomorrow at Oak Grove.

SELLS MARKET.

Mr. Julian Greer, the butcher, who has been conducting The Ideal Meat Market on Broadway near Fifth street, this morning closed a deal with Mr. Henry Biederman, the grocer, disposing of his meat market for \$3,500. Mr. Biederman will take charge Saturday. Mr. Greer will not do any thing for several weeks but will take a rest before going into the manufacturing business.

Social Notes and About People.

U. D. O. CARD PARTY. The Paducah chapter United Daughters of the Confederacy had a meeting yesterday afternoon with Miss Emma Reed at the Palmer house, and arranged for a euchre party to be given for the chapter next Tuesday evening. The entertainment will probably be given in the Rieks building on Broadway between Third and Fourth. The ladies have secured handsome prizes. The price of admission will be 25 cents and the money made from the party will be devoted to the entertainment of the state U. D. O. meeting here next fall.

The first lady's prize will be a silk shirt waist suit, and the second, a white silk parasol. These are on display at Ogilvie's dry goods store. The gentleman's first prize will be a handsome dress suit case and the second, a handsome vest, which can be seen at Wallerstein's clothing store. At Wolfe's jewelry store the prizes to be raffled, are on display. They are a cut glass bowl and a gilt chair.

PARTY LAST NIGHT.

Mrs. Bostic and Mrs. DeLoach gave a party last night at their home on South Sixteenth street in honor of Miss Fanny Bostic. Dainty refreshments were served. The guests were: Misses Pearl Miller, Tommy Watts, Jimmie Basel, Willie Wyatt, May Watson, Robertson, Watson, Hattie Phifer, Fanny Bostic, Masters Raymond Cashon, Will Hurley, Neil Hurley, Charley Phifer, Albert Berger, Bob Merryman, Will Pierce, Ed Russell, Crenshaw Russell, Clarence Wilson, George Gilbert, Jones Bostic and Ed DeLoach.

MARRIED TODAY.

At the manse of the Cumberland Presbyterian church Mr. Charles Pryor of this city, and Miss Lillian Thomas of 1204 Tennessee, St. were married by Rev. Geo. O. Bachman this morning at 10 o'clock. They were accompanied by Mr. Hancock, and Miss Ellis, and other friends. The newly married couple will make their home at 1031 Clark street. Both are popular young people.

ATTRACTIVE MUSICAL.

The musicale given at the residence of Mrs. William Eades on West Jefferson street last night, by the Ramsey society of the Broadway Methodist church, had an unusually attractive program and was well attended. The entertainment was arranged by Mrs. S. H. Winstead and was a great credit to her. Some of the best musicians in the city gave selections.

Mrs. George Phillips went to Dawson today for her health.

Prof. C. B. Hatfield went to Nortonville today on business.

Mrs. James Utterback and children have returned from visiting in Hopkinsville.

Mr. Avery Reed returned to Dawson today at noon after a business trip to the city.

Attorney Mark Worten went to Kuttawa today to attend the funeral of Mr. Sam Malloy.

Col. R. G. Caldwell went to Kuttawa today at noon to attend the funeral of the late Sam Malloy.

Mr. Chesley Herndon will return tonight from a business trip through Kentucky for J. R. Smith & Son.

Mrs. N. S. Walker, of Dyersburg, Tenn., arrived today at noon to visit her father, Captain G. C. Crumbaugh.

Mr. W. T. Dineen, special agent for the I. C. road, returned to Louisville at noon after a business trip to the city.

Miss Margery Crumbaugh returned from Columbus, Miss., last night after a two months visit to friends and relatives.

Attorneys Taylor and Lucas will leave tonight for Louisville to confer with Humphreys, Burnett and Humphreys in regard to the test suit.

Mrs. Laura Fowler, J. Victor Voris and W. A. Gardner left today via Evansville, on the Joe Fowler for Martinsville, Ind., for a sojourn.

Mrs. David Sanders arrived home today from San Antonio, Texas, where she has been for several months for her health. She is much improved. Miss Julia Scott, who has been in San Antonio for some weeks, has decided to remain until the middle of April.

MORE WATER COMING

LOCAL RIVER MEN EXPECT ABOUT 42 FEET IN PADUCAH.

The outlook in Paducah today is for more water than was expected yesterday. The rivers are falling at Pittsburg, Cincinnati, Chattanooga, Nashville and other places, but it is already 40 feet in Paducah, and will go to at least 42 feet here, and if there is more rain, it will go to a still greater height.

The river is now almost to the top of the levee, and much damage is reported in the bottom lands, but unless there is over 45 feet there is likely not to be as much damage as might be expected.

No trace of the \$233 stolen from Pest House Keeper Wm. Wheelis has been discovered by the police.

SUDDEN DEATH

Wife of a Prominent Farmer Dies Near Woodville.

Was Busy Quilting When the Final Summons Came to Her.

Mrs. Mattie Moore, wife of A. J. Moore, a prominent farmer, died suddenly at her home near Woodville, this county, at 9 o'clock this morning from paralysis.

Mrs. Moore entertained a quilting party at her home yesterday and was in the best of health and spirits.

Her guests left late in the afternoon and she continued her quilting alone. A member of her family in another room heard her scissors drop from her hand, and going to her found her unconscious.

She died this morning, never having regained consciousness. She was about 55 years of age. She left a husband and two sons by a former marriage.

The burial will take place tomorrow afternoon at 2 o'clock at the family burying ground.

MOTHERS' COUNCIL

MEETING TO BE HELD TOMORROW AFTERNOON AT FIRST BAPTIST CHURCH.

Thursday afternoon at 3 o'clock in the First Baptist church there will be a gathering of mothers of Paducah in council. The object of the council will be to study the child in its three fold nature and to apply the knowledge thus obtained to the practical care of the children in the home; to investigate the conditions of children and mothers in all spheres of life and to endeavor to improve them; to be interested in all that pertains to the welfare of the family, the community and the nation.

It is the desire of the ladies who have the meeting in charge to reach every mother in the city that these conferences may be far reaching in their helpfulness. All mothers are cordially invited and urged to be present.

NOTHING DEFINITE

CONTRACTOR SAYS NON-UNION MEN MAY BE EMPLOYED.

There is much speculation as to what will be done with the carpenters' demands for an increase in wages in Paducah and from what the contractors say it is probable that most of the latter will ignore the demands and hire non-union men.

"I for one will refuse to sign the scale," a well known contractor stated this morning, "and understand that others in the association will ignore it. There is some talk of a compromise, but this is improbable as I think most of the contractors will continue to employ the men who want to work for wages paid in accordance with the ability of the mechanic."

TODAY'S DEATHS

ONE DEATH NEAR NEW HOPE—ONE ON ELIZABETH STREET.

Mr. Andy McKinney died this morning, near New Hope, in this county, of dropsy. He was 68 years of age. The funeral will take place from the New Hope church tomorrow and the burial will be in a family grave yard. He left a wife and nine children.

Dora Thedes Richardson, the ten year old daughter of Mr. W. H. Richardson, died at 9 o'clock this morning, at 502 Elizabeth street, of pneumonia. Another child in the same family, a boy, 14 years of age, died of the same disease recently.

The burial will take place tomorrow at Oak Grove.

SELLS MARKET.

Mr. Julian Greer, the butcher, who has been conducting The Ideal Meat Market on Broadway near Fifth street, this morning closed a deal with Mr. Henry Biederman, the grocer, disposing of his meat market for \$3,500. Mr. Biederman will take charge Saturday. Mr. Greer will not do any thing for several weeks but will take a rest before going into the manufacturing business.

Social Notes and About People.

U. D. C. CARD PARTY.

The Paducah chapter United Daughters of the Confederacy, had a meeting yesterday afternoon with Miss Emma Reed at the Palmer house, and arranged for a euchre party to be given for the chapter next Tuesday evening. The entertainment will probably be given in the Rieks building on Broadway between Third and Fourth. The ladies have secured handsome prizes. The price of admission will be 25 cents and the money made from the party will be devoted to the entertainment of the state U. D. C. meeting here next fall.

The first lady's prize will be a silk shirt waist suit, and the second, a white silk parasol. These are on display at Ogilvie's dry goods store. The gentleman's first prize will be a handsome dress suit case and the second, a handsome vest, which can be seen at Wallerstein's clothing store. At Wolfe's jewelry store the prizes to be raffled, are on display. They are a cut glass bowl and a gilt chair.

PARTY LAST NIGHT.

Mrs. Bostie and Mrs. DeLoach gave a party last night at their home on South Sixteenth street in honor of Miss Fanny Bostie. Dainty refreshments were served. The guests were: Misses Pearl Miller, Tommy Watts, Jimmie Basel, Willie Wyatt, May Watson, Robertson, Watson, Hattie Phifer, Fanny Bostie, Masters Raymond Cashon, Will Hurley, Neil Hurley, Charley Phifer, Albert Berger, Bob Merryman, Will Pierce, Ed Russell, Crenshaw Russell, Clarence Wilson, George Gilbert, Jones Bostie and Ed DeLoach.

MARRIED TODAY.

At the manse of the Cumberland Presbyterian church Mr. Charles Pryor of this city, and Miss Lillian Thomas of 1204 Tennessee, St. were married by Rev. Geo. O. Bachman this morning at 10 o'clock. They were accompanied by Mr. Hancock, and Miss Ellis, and other friends. The newly married couple will make their home at 1031 Clark street. Both are popular young people.

ATTRACTIVE MUSICAL.

The musicale given at the residence of Mrs. William Eades on West Jefferson street last night, by the Ramsey society of the Broadway Methodist church, had an unusually attractive program and was well attended. The entertainment was arranged by Mrs. S. H. Winstead and was a great credit to her. Some of the best musicians in the city gave selections.

Mrs. George Phillips went to Dawson today for her health.

Prof. C. B. Hatfield went to Nortonville today on business.

Mrs. James Utterback and children have returned from visiting in Hopkinsville.

Mr. Avery Reed returned to Dawson today at noon after a business trip to the city.

Attorney Mark Worten went to Kuttawa today to attend the funeral of Mr. Sam Malloy.

Col. R. G. Caldwell went to Kuttawa today at noon to attend the funeral of the late Sam Malloy.

Mr. Chesley Herndon will return tonight from a business trip through Kentucky for J. R. Smith & Son.

Mrs. N. S. Walker, of Dyersburg, Tenn., arrived today at noon to visit her father, Captain G. C. Crumbaugh.

Mr. W. T. Dineen, special agent for the I. C. road, returned to Louisville at noon after a business trip to the city.

Miss Margery Crumbaugh returned from Columbus, Miss., last night after a two months visit to friends and relatives.

Attorneys Taylor and Lucas will leave tonight for Louisville to confer with Humphreys, Burnett and Humphreys in regard to the test suit.

Mesdames Laura Fowler, J. Victor Voris and W. A. Gardner left today via Evansville, on the Joe Fowler for Martinsville, Ind., for a sojourn.

Mrs. David Sanders arrived home today from San Antonio, Texas, where she has been for several months for her health. She is much improved. Miss Julia Scott, who has been in San Antonio for some weeks, has decided to remain until the middle of April.

ADVERSE REPORT

Project for Movable Dam Near Henderson Opposed.

U. S. Engineer Thinks The Average Stage of Water is Sufficient.

Washington, March 30.—Col. G. J. Lydecker, one of the United States Government engineers in charge of the public work in the Ohio river, has made an adverse report upon the project to construct a movable dam between the mouth of Green river so as to make a harbor at Henderson, Ky., and Evansville, Ind., and to give a depth of six feet on the lower miter sill of lock No. 1, Green river. His report was transmitted to the House of Representatives today by Chief of Engineers Mackenzie. In it he states that he finds that a point on the Ohio river about seven miles below Henderson and about thirty-five miles below the Green river lock would probably be the best location to accomplish the double object in view.

From an engineering standpoint the proposed site is now regarded as favorable. Moreover, the depth of the channel in the Ohio, says Col. Lydecker, throughout most of the distance under consideration is more than six feet even at the lowest stage, and in the immediate vicinity of Henderson and Evansville it ranges from four to twenty feet. A general increase in depth through the Evansville and Henderson sections is therefore not deemed a matter of great moment at this time, either for general or local navigation.

A BOLD DEED

NEGRO SMASHES A WINDOW AT HARBOUR'S.

The police are looking for a mulatto who last night early pecked a hole in a plate glass window at E. B. Harbour's on North Third street, near Broadway, and when he attracted the attention of the clerks, ran away. Some patent leather shoes were just inside the window, and it is supposed he was trying to get them. He had made a hole almost large enough to get the goods through, when the pounding on the window attracted some of those working inside, and they came out and found the man. He claimed some one had been knocking at the door, but suddenly dashed away and the hole he had made with a brick was discovered.

HOW CONDUCTOR NELSON WAS HURT.

Conductor Bob Nelson, of Paducah, who was yesterday on the Cairo and Fulton passenger run in the absence of Conductor Hill, happened to a painful accident at Clinton. His train was in the siding waiting for another train to pass when a truck was struck by the passing train and in an effort to get the truck out of the way his hand was caught and badly bruised. Mr. Hill, who was on a run from here to Memphis on account of the delay of trains, returned to his old run today.—Fulton Leader.

GETTING READY

Preparations Being Made for the Republican Convention.

There Will be Seats For Nearly 9,000 People at Coliseum.

Chicago, March 30.—The sub-committee of the Republican National Committee, having in charge the arrangements for the National Convention in this city, met with the local committee to discuss the preparations that have been made at the Coliseum, where the convention is to be held.

The meeting was entirely harmonious, all the arrangements made by the local committee were approved by the members of the National Committee.

It was explained to the members of the National Committee at the outset that Chicago had never promised to put up for the use of the National Committee such a sum as \$15,000, nor, in fact, had it promised to put up any sum of money at all. What it had promised was to pay all the bills of the convention, and this it would do.

Mr. New suggested that there were some things for which the National Committee would be compelled to pay and he thought it well if the local men would place a certain sum at the disposal of the National Committee. This the local men agreed to do at once, and the amount suggested by Mr. New, \$5,000, was promptly arranged for. It was decided that all the bills for the convention are to be turned over to the local committee, and they will provide for their payment.

In going over the arrangements made for seating it was found that the total number of seats in the hall will be 8,428. Of these 500 will be on the stage and 275 will be for the press; there will be 300 seats for delegates and the same number for alternates, leaving 5,673 for spectators.

GRAND SALE OF LOTS.

The Northview Realty and Improvement company has about 70 lots on 11th and 12th streets, in Paducah, Ky., which it will offer for PUBLIC SALE, most reasonable terms, in JUNE NEXT, unless sold before that time. These lots are situated in Paducah, Ky., and lie between Rotgering's farm and the city.

The streets have been lately gravelled. The lots have beautiful shade trees on them, and lie high above the streets.

An ordinance has been adopted to extend 12th street on beyond this property to Rowlandtown, and the street car company will extend its line from Trimble street on down 12th street by this property to Rowlandtown.

This property is certainly most attractive and desirable, and will soon be built up. There are no lots in the suburbs of Paducah more desirable for homes. The adjacent property is being rapidly improved, many houses having been erected recently. For particulars apply to W. D. Greer, General Manager, Paducah, Ky., March 15, 1904.

THE SINS OF THE PARENT FREQUENTLY FALL UPON THE CHILDREN.

Especially terrible does it seem that children should be born into the world—as they frequently are—having in their little innocent bodies the germs of Specific Blood Poison, or, more frequently, Scrofula, which is, as a rule, the result of Specific Blood Poison in some ancestor.

It would be an outlook almost too intolerable to contemplate if such scourges as scrofula and other forms of blood poisoning were incurable.

Yet for long centuries these diseases have baffled the most skillful medical science.

Men and women in the past have resorted to cures for this disease which were almost as obnoxious and dangerous as the disease itself.

The taking into the system of mercury and other mineral drugs cannot be too strenuously condemned and avoided in such cases.

That a cure, absolute and sure, can be effected is evidenced by the following letter, telling of the result of taking

FOERG'S REMEDY.

Oconomita, Va., Lee Co., Aug. 15th, 1902.

To Whom It May Concern: We have two little twin girls that were badly afflicted with Scrofula. After trying three of the best doctors we could employ they continued to get worse all the while. I was advised by a friend to try Foerg's Remedy, so I procured one bottle, and it has cured them sound and well. This was four years ago, and no sign of return, so I cannot say too much for this medicine, for I think it is the best blood medicine in the world.

This is a true copy of statement sent us by Mr. Courtney, and is on file in our office. E. C. COURTNEY, FOERG REMEDY CO.

Don't delay, but go to your drugstore and get a bottle. If your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles, with our absolute guarantee or money refunded by druggist or this company in full. All packages sent in plain wrappers. All correspondence strictly confidential.

NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 40.0 on the gauge, a rise of 1.6 in the last 24 hours. Weather cloudy with rain. Rainfall yesterday .10. South winds with 48 temperature. S. A. FOWLER, Local Observer.

The Ten Broeck is due from Tennessee river.

The Joe Fowler was today's Evansville pocket.

The Dick Fowler cleared on time today for Cairo.

The Royal arrived and departed on time for Golconda.

The Chattanooga is due in from Tennessee river Saturday.

The Clyde will leave at 6 o'clock tonight for Tennessee river.

The Memphis passed out of Tennessee river this morning en route to St. Louis.

The Butter left this afternoon for Nashville. She arrived a little late from Clarksville.

The Victor went into Cumberland river again yesterday. She brought out a big tow of ties yesterday.

Captain J. T. Morgan, of the Joseph Henry, which is on the ways here, arrived yesterday from St. Louis.

The Duffey arrived today from Cumberland with a big tow of ties and returned to that river this morning.

Captain H. Baker, of the A. & L. Tie Co., is much better and able to sit up a great deal each day. He will be able to go out in a day or two.

Mr. L. P. Holland, the tie inspector for the A. and L. Tie Co., has returned from Cumberland river and this morning went to Kuttawa on business.

An Evansville dispatch says: Captain John Cornick, aged 40, of this city, fell from the steamer Kennois some time last night at Runney on Green river and was drowned. His body was not recovered.

Reports from Metropolis say that the steamer Osage has been sold to Vicksburg river men. The former owners of the boat telephoned here from Metropolis yesterday for a pilot to take the boat down.

With reports of more general rains in the valleys, the river men fear a heavy rise, and the tie men and lumber dealers who have ties and lumber stores on the banks of the rivers are taking their goods to a place of safety.

The Bonanza has laid up and the Rees Lee and Peters Lee will run in the Cincinnati and Memphis trade. The Peters Lee passed up to Cincinnati last night and the Rees Lee will leave Memphis Saturday for Cincinnati.

SENTENCE DOUBLED.

MAGGIE WHITE BROUGHT IN FROM MAYFIELD—MAY BE HELD LONGER.

Maggie White, colored, arrested in Mayfield several days ago on suspicion, with \$40 in her possession, part of which corresponds to money stolen from Post House Keeper Wm. Wheelis, of Paducah, was brought to the city today, and by Judge Sanders in police court the thirteen days she had yet to serve on the chain gang when she left, were doubled to 26, which she will now have to serve.

It is believed that she had money stolen from Mr. Wheelis but no evidence to that effect has yet been secured. It is hoped by local officials that something will be learned before the woman serves out her sentence.

TO HAVE UNIFORMS.

TENNESSEE RIVER OFFICERS TO BE PROVIDED WITH THEM BY COMPANY.

Information has reached the city that the officers of the Tennessee river boats, both those of the St. Louis and Tennessee river runs, and those running in the Tennessee river above Paducah, belonging to the St. Louis and Tennessee River Packet company, are to be provided with uniforms.

No information has been received at local headquarters as to the color of the uniforms, but it is expected that they will be attractive and worthy of the big company which runs the boats on which the officers run.

For Kidneys, Bladder and Rheumatism

New Discovery by Which All Can Now Easily Cure Themselves at Home Does Away With Surgical Operations — Positively Cures Bright's Disease and Worst Cases of Rheumatism — Thousands Already Cured — Note Endorsers

TRIAL TREATMENT AND 64-PAGE BOOK FREE

At last there is a scientific way to cure yourself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists or surgeons. The credit belongs to Dr. Edwin Turner, a noted French-American physician and scientist, who has made a long study of these diseases and is now

"None can say they are incurable until they have tried my discovery. The test is free."

In sole possession of certain ingredients which have all along been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated besides being tried in hospitals, sanitariums, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will positively cure Bright's disease, diabetes, dropsy, gravel, weak back, stone in the bladder, bloated bladder, frequent desire to urinate, albuminuria, sugar in the urine, pains in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up nights, pain in the bladder, wetting the bed and such rheumatic affections as chronic, muscular or inflammatory rheumatism, sciatica, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidney, in short, every form of kidney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. Wilks, of Guy's Hospital, London; the editors of the United States Dispensary and the American Pharmacopoeia, both official works; Dr. H. C. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this and more is explained in a 64-page illustrated book which sets forth the doctor's original views and goes deeply into the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of his discovery, and you can get them entirely free, without stamps or money, by addressing the Turnock Medical Co., 941 Turnock Building, Chicago, Ill., and as thousands have already been cured there is every reason to believe it will cure you if only you will be thoughtful enough to send for the free trial and book. Write the first spare moment you have and soon you will be cured.

It would seem that any reader so afflicted should write the company at once since no money is involved and the inducements are from such a high and trustworthy source.

RAILROADS REFUSE.

THE DEMAND OF PULLMAN COMPANY FOR RESERVATION OF BERTHS.

Local railroad men and others are interested in the efforts of the Pullman Company to avoid operating unnecessary cars by withholding from service sleepers in which berths have not been reserved on the day preceding the departure of the train.

To put this plan into effect the Pullman Company made overtures some time ago to the General Passenger Agents of nearly all the leading railroads, but no encouragement was offered. Despite the attitude of the railroads, according to the Chicago Tribune, the Pullman company promulgated an order that berths be reserved a certain number of hours before departure. At least three of the lines, it is said, definitely refused the proposition and will continue to do so.

SOULE'S DRUG STORE

The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co. Copyright, 1902, by McClure, Phillips & Co.

"Minnie, Minnie! Like long white gowns and crows crossing the fence!" Helen released her wrist from her companion's grasp and put both hands on Minnie's cheeks, forcing her around to face the flickering pane. "You must look! You must look!" she cried.

"They wouldn't do it! They wouldn't do it!" Minnie shuddered. "They couldn't come in the storm. They wouldn't do it in the pouring rain."

"Yes! Such things would mind the rain!" She burst into hysterical laughter, and Minnie seized her round the waist, almost as unnerved as Helen, yet trying to soothe her. "They would mind the rain," Helen whispered. "They would fear a storm. Yes, yes! And I let him go; I let him go!"

Pressing close together, clasping each other's waist, the two girls peered out at the landscape.

"Look!"

Up from the distant fence that bordered the northern side of Jones' field a pale, pebbled, flapping thing reared itself, poised and seemed just as the blackness came again, to drop to the ground.

"Did you see?"

But Minnie had thrown herself into a deep chair with a laugh of wild relief. "My darling girl!" she cried. "Not a line of white things—just one—Mr. Jones' scarecrow! And we saw it blown down!"

"No, no, no! I saw the others. They were in the field beyond. I saw them. When I looked the first time they were nearly all on the fence. This time we saw the last man crossing. Ah, I let him go alone!"

Minnie sprang up and inhaled her. "No; you dear, imagining child, you're upset and nervous, that's all the matter in the world. Don't worry; don't, child; it's all right. Mr. Harkless is home and safe in bed long ago. I know that old scarecrow on the fence like a book, and you're so unstrung you fancied the rest. He's all right. Don't you bother, dear."

The big, motherly girl took her companion in her arms and rocked her back and forth soothingly and petted and reassured her and then cried a little with her, as a good hearted girl always will with a friend. Then she left her for the night, with many a cheering word and tender caress. "Get to sleep, my dear," she called through the door when she had closed it behind her. "You must if you have to go in the morning. It just breaks my heart. I don't know how we'll bear it without you. Father will miss you almost as much as I will. Good night. Don't bother about that old white scarecrow; that's all it was. Good night, dear; good night."

"Good night, dear," answered a plaintive little voice. Helen's cheek pressed the pillow and tossed from side to side. By and by she turned the pillow over; it had grown wet. The wind blew about the eaves and blew itself out. Sleep would not come. She got up and laved her burning eyes; then she sat by the window. The storm's strength was spent at last. The rain grew lighter and lighter until there was but the sound of running water and the drip, drip on the tin roof of the porch. Only the thunder rumbling in the distance marked the storm's course, and the chariots of the gods rolling farther and farther away till they finally ceased to be heard altogether. The clouds parted

"Look!" she cried.

majestically, and then, between great curtains of mist, the day star was seen shining in the east.

The night was hushed, and the peace that falls before dawn was upon the wet, flat lands. Somewhere in the sodden grass a swamped cricket chirped; from an outlying fringe of the village a dog's howl rose mournfully; it was answered by another far away and by another and another. The sonorous chorus rose above the village, died away, and quiet fell again.

Helen sat by the window, no comfort touching her heart. Tears coursed her cheeks no longer, but her eyes were wide and staring, and her lips parted breathlessly, for the hush was broken by the far clamor of the courthouse bell ringing in the night. It rang and rang and rang and rang. She could

not breathe. She threw open the window. The bell stopped. All was quiet once more. The east was gray.

Suddenly out of the stillness there came the sound of a horse galloping over a wet road. He was coming like mad. Some one for a doctor? No; the hoof beats grew louder, coming out from the town, coming faster and faster, coming here. There was a plashing and tramping in front of the house and a sharp "Whoa!" In the dim light of first dawn she made out a man on a foam flecked horse. He drew up at the gate.

A window to the right of hers went screeching up. She heard the judge clear his throat before he spoke.

"What is it? That's you, isn't it, Wiley? What is it?" He took a good deal of time and coughed between the sentences. His voice was more than ordinarily quiet, and it sounded husky.

"What is it, Wiley?"

"Judge, what time did Mr. Harkless leave here last night, and which way did he go?"

There was a silence. The judge turned away from the window. Minnie was standing just outside his door. "It must have been about half past 9, wasn't it, father?" she called in a choked voice. "And—you know—Helen thought he went west."

"Wiley!" The old man leaned from the sill again.

"Yes," answered the man on horseback.

"Wiley, he left about half past 9—just before the storm. They think he went west."

"Much obliged. Willets is so upset he isn't sure of anything."

"Wiley!" The old man's voice shook. Minnie began to cry aloud. The horseman wheeled about and turned his animal's head toward town. "Wiley!"

"Yes."

"Wiley, they haven't—you don't think they've got him?"

Said the man on horseback, "Judge, I'm afraid they have."

Theatrical Notes.

"Lost River" is one of the unqualified successes of the season and has enjoyed a phenomenal run of six months in New York. Exciting situations crowd one another fast, and there is also a superb display of the softer emotions in the Indiana home. "Lost River" can safely be said to be calculated to please all classes. "Lost River" will be at The Kentucky on Friday night, April 1. Prices 25c to \$1. Seats on sale Thursday, March 31.

At the Kentucky last night another good house greeted The Glick Bannan National Stock Co. in The Moonshiner's Daughter. They display good taste in selecting their plays and the specialties are all of the high order. The company is a well balanced one and all play their respective parts and lovers of a good entertainment should not miss this opportunity. The management guarantees a strong play for the matinee and an extra good one for the night's bill in The Girl I Love.

DOINGS IN THE COURTS TODAY

Judge Reed Re-Convenes Circuit Court.

Police Court Fails to Produce Any Unusual Cases For Trial.

NEWS OF THE OTHER COURTS

Charles Sanders, white, was this morning tried in circuit court on the charge of breaking into the Friedman & Keller whiskey house and stealing a lot of liquor.

Sanders was arraigned with John Blake, but they asked for separate trials. The case was given to the jury this afternoon at 2 o'clock, and a verdict for two years and six months returned.

At press time the case against George Wyatt, for forgery, was on trial.

Sam Given and J. W. Hall were excused as petit jurors, and L. P. James and J. H. Clark substituted. A motion for a new trial in the case against John Mann for robbery, was filed.

The motion and reasons for a new trial in the case against Thomas Kelley were overruled.

POLICE COURT.

There was not a long session of the police court today.

H. C. Connor was fined \$1 and costs for being drunk; Frank Houser was fined \$5 and costs for disorderly conduct, by sleeping in a box car.

A. N. Walters was fined \$5 and costs for a breach of the peace by striking Mrs. Mortimer.

Walter Shelby, for creating a disturbance at Ninth and Kentucky, was charged with presenting a pistol and with a breach of the peace. He was dismissed on the former charge and the other case was left open.

The three cases against Henry Armstrong, alias Armstrong, were continued until Monday. He is charged with resisting Officer Estes, with drunk and disorderly conduct, and with a breach of the peace.

Cordelia Russell's case for stealing \$17 from Friddle Yopp, was heard and left open.

The case against Alex Hughes, colored, for striking James Norman, white, was also left open. They were employed on the Clyde, the defendant as cook, and it was claimed that Hughes struck the other man in the head with a cleaver. He swore he did not strike the man at all.

COUNTY COURT.

Savage & Leech deed to H. Smedley power of attorney.

Articles of co-partnership were filed between W. M. Milliken, of Florence station, and I. Sayles, of Waverly, N. Y.

The former owns a saw mill at Florence station and the latter owns large tracts of timber land in the vicinity and the partnership is formed to carry on a general milling business for the purpose of the manufacture of lumber. The capital is fixed at \$8,000.

Charles Pryor, of the city, age 26, and Lillian Thomas, of the city, age 18, have been licensed to wed. It will make the first marriage of both.

Alvin McDaniel, of Fordsville, Ky., age 31 and Emma Knott, of Harrisonville, age 28 were today licensed to wed. It will make the first marriage of both.

SUMMONING WITNESSES.

Constable J. C. Shelton went to Oaks station on the N. C. & St. L. road, this morning to serve summons on thirty witnesses to appear in the case against I. B. Green, the merchant, charged with shooting his son in law, Leo Bolton. The case will come up for trial in the circuit court here the second day of the regular term next week.

BANKRUPTCY CASE ON.

Mr. E. W. Bagby, referee in bankruptcy, went to Murray this morning to attend the first meeting of creditors in the bankrupt case of Albert Jones & Co.

INTO HANDS OF ADMINISTRATOR.

The estate of Samuel Baird was this morning ordered into the hands of the public administrator on motion of D. G. Thompson.

SUIT ON ACCOUNT.

A suit has been filed in quarterly court for Given, Clark & Co. against Stetler & Hermann to collect an alleged account amounting to \$105.

PLAYED BAD MAN

James Farrell, white, was arrested this afternoon by Officers Singery and Nance on a charge of disorderly conduct, and it is probable more serious charges will be preferred. He is alleged to have gone into various saloons today and by flourishing a pistol forced the bartenders to give him drinks. He claims he has been a sailor and just came from the south. He was probably drinking when he adopted his somewhat strenuous method of getting liquor. He will be given a hearing tomorrow.

WRECKER FOREMAN

A telegram was received this morning by the local I. C. hospital doctors saying that Mr. Robert Stockman, foreman of the Fulton wrecker, was injured and to have the ambulance at the Tennessee street crossing this afternoon to meet a freight train which would bring the injured man here.

No details of the accident were received and the friends of the injured man will regret to learn of the accident. He was well known here, having worked in the local car shops.

ATHLETIC MEET

The interscholastic athletic meet, being arranged by Physical Director H. E. Steel, of the Y. M. C. A. for April 23, at the old fair grounds, will have two divisions.

One will include the grammar school grades of the public schools, and the other will be a contest between the high school and the Leigh preparatory school.

The boys are very enthusiastic over the meet and are rapidly developing under Mr. Steele's athletic training.

CRUSHED STONE FOR THE STREETS

Contractor Katterjohn Will Attempt to Interest Paducahans.

Large Quantities Being Taken Out of His Quarries—Cities Buy Many Car Loads.

CLAIMED TO EXCEL GRAVEL.

The city officials of Paducah will shortly be asked to give crushed stone a trial as material for repairing and constructing the streets of Paducah. It is being used in many other places, and as gravel has been a miserable failure in Paducah, it is likely that officials will at least give the new material a trial.

Mr. F. W. Katterjohn, the well known contractor, left this morning for Louisville with several representatives of compress air engine manufacturing concerns, and will close a contract today in that city for a big air compressor which will be used in working the drills at Mr. Katterjohn's stone quarries at Cedar Bluff.

Mr. Katterjohn is getting many orders for crushed stone for street purposes, having recently sold Dawson, and Greenville, Ky., many thousands yards to be used on the streets. Green ville and Dawson bought 40 car loads of crushed stone each, two car loads per day to be delivered until the order is filled.

Memphis, Tenn., has bought from Mr. Katterjohn's company 40,000 yards of crushed stone to be used on the streets, and if this class of material proves as durable and successful as gravel, and it has, Mr. Katterjohn claims, wherever used, it will finally replace the bad quality gravel used in many towns, and the streets will be built of crushed stone hereafter.

Mr. Katterjohn will endeavor to interest Paducah municipal officers in using crushed stone for street purposes, and thinks they will give the material a fair trial.

THE FIRST PLAYER REACHES THE CITY

G. Land, a Frankfort Catcher, Comes to Paducah.

The Remainder of the Team Is Expected Today and Tonight in Paducah.

SEVERAL EXHIBITION GAMES

The first baseball player to report here for duty came this morning at 4 o'clock in the person of G. Land, of Frankfort, a catcher. Land arrived over the I. C. and reported this morning for duty, but will not begin work until the weather is more favorable.

Manager Ray expects the remainder of the team to arrive today and tonight. He will begin working them in practice as soon as the rain ceases, and will get the team in as good trim as possible by the 5th, when the first game with the Cincinnati Celts will take place.

"Chief" Lloyd, who will this season play with Cairo again, knows four or five members of the Cincinnati team, and played ball with them for several years. Lloyd knows them all, or most all who have developed into stars in the big league.

Ashville will play here on the Tenth and Paducah will be afforded every opportunity to see plenty of baseball before the opening of the league on the first of May.

Work on the grand stand and bleachers began yesterday and the fence will be put in good repair and the gate rearranged so that pathways enclosed by fences, will lead to the bleachers and grand stand, doing away with the possibility of a mixup and the necessity of an extra man on the grand stand.

Henderson has telegraphed Mr. Dick Rudy, treasurer of the league, that the forfeit money is ready for deposit and to draw on the Henderson association when the money is desired. The street car people have hold of the Henderson team.
